

PRESS RELEASE

Infinitas Real Estate Network LLC Expands their Team

February 28, 2011– Manchester, NH – Infinitas Real Estate Network LLC, a start-up provider of enterprise REALTOR® and mortgage lender brokerage technology tools for lead incubation and management of online prospects announced the appointment of Regis Quirin as CFO for the company.

Quirin had functioned as a financial advisor to Infinitas since its inception in August, 2010 and was responsible for developing financial information for investor communications and will continue to support the technology start-up venture on a part-time basis by assessing, refining, and implementing financial processes and procedures. He will be responsible for all Treasury Management and Financial Management activities, including developing and issuing monthly financial statements (Income Statement, Statement of Cash Flow, and Balance Sheet) as well as supporting private placement investor relations.

“We are fortunate to have secured Regis as our part-time CFO. His small business financial management experience makes him perfectly suited to help our growing technology company. The experience and methods he has gained from a solid career with larger financial institutions benefits us greatly as we accelerate our growth” said Scott Earnshaw, CEO of Infinitas.
